

U.S. (excluding Missouri) &
FOREIGN DIRECTORIES
on Microform

CITY, COUNTY, STATE, TELEPHONE

in the Midwest Genealogy Center
Mid-Continent Public Library
Independence, Missouri

(Revised: Apr 2020)

INTRODUCTION

This is a list of city directories on microform (excluding Missouri) for the Midwest Genealogy Center. The list includes microfiche and microfilm. An effort has been made to make this list as comprehensive and accurate as possible. However, dates may be incomplete for old microfilm holdings. Dates do not always sort in perfect order. Some telephone books did not spell all town names correctly!

Format Notes:

Fiche—Microfiche beginning with a call number UMI LH... are part of the UMI's Genealogy and Local History collection. This collection has been cataloged in the library's online catalog (<http://www.mymcpl.org/catalog>). To find a call number, use the online catalog or this list. Other historic directories on microfiche are not listed in the library's online catalog, but can be found on this list.

Phonefiche—A collection of microfiche copies of telephone books from all over the United States arranged alphabetically by state and then by city. "y" is for yellow pages and "w" is for white pages. Currently, the Phonefiche have not been cataloged in the library's online catalog. Use the Phonefiche cross reference guide as an additional resource.
